Hello welcome to Noongar Country.

Welcome to Noongar Country, Heart of Noongar Country Gnowangerup Noongar Country.

We acknowledge our ancestors past, present and emerging.

We Noongar people ask that you acknowledge, respect and tread softly upon the land in which we call home. Ngowanjerinj of the Wagyl Kaip people.

Our History

Located in the Great Southern Region of Western Australia, Gnowangerup is 365 kilometres southeast of Perth and 61 kilometres southeast of Katanning.

The Noongars came to the area long before the town was established. They followed the water along the Pallinup River. Water sources formed travel networks throughout Noongar Boodja (land/country). Goreng (Noongar dialectal group) people still hold a significant amount of knowledge about their Boodja.

European pastoralists arrived in the 1850's. By the 1870's Thomas Quinn had acquired the area around Gnowangerup Spring and used it as pasture for the sandalwood cutter's horses who moved through the area. In 1905 the town was named and gazetted, and the first merino sheep were introduced to the area in 1908.

The Gnowangerup State School was also opened in 1908 on a site at the northern edge of town. The school is now known as Gnowangerup District High School and currently caters for students from kindy to year 10.

By 1912 the Gnowangerup Road Board established an Aboriginal Reserve to the southern side of the township. During the 1920's life on the Reserve was difficult. Sybil Roberts, an Aboriginal midwife and activist, wrote to her friend May Wright, asking if she would help the Noongar people. May Wright and her husband Hedley Wright made the decision to move to Gnowangerup and set up a Mission. With the Noongar people they worked hard to ensure people had clean water, food education and healthcare. May and Hedley Wright were known to all as Brother and Sister Wright.

In 1961 the Gnowangerup Road Board was officially renamed the Shire of Gnowangerup.

The Shire of Gnowangerup now consists of three main towns, Gnowangerup (1905), Ongerup (1912) and Borden (1916) as well as other smaller towns.

The Gnowangerup Noongar Centre was established in 1972 in a building built by Charlie Parker in 1913. It was the second of its kind in WA and a testament to the strength and resilience of Noongar people. It was owned and run by the New Era Aboriginal Fellowship. It became the first Aboriginal non-government rural support centre. In 1996 the building was recognised as a Historic Centre and heritage listed. Today it is known as the Gnowangerup Aboriginal Museum and Keeping Place.

> The Goreng Noongar people are the Traditional Owners of this land with a strong and ancient culture. Many people now call Gnowangerup home, with Wadjellas (white people) and Noongar people living together. Aboriginal people are the community, with a connection to back thousands of generations.

Gnowangerup Memorial Hall

MEMORIAL 19 HALL 23

Gnowangerup Memorial Hall celebrates 100 years in 2023.

0.000

The men of Pallinup Estate were keen supporters of the Returned Servicemen's League that was formed in Gnowangerup. They wanted to honour the 250 men who enlisted to fight in World War One and the 50 men who did not return. It was decided that a public building should be built as a memorial to the soldiers and the men were instrumental in the towns efforts to raise the funds for the Gnowangerup Memorial Hall.

The Foundation stone of the hall was laid on February 10, 1923, by Mr Michael Corbett.

Six months later, in August 1923, the Gnowangerup Memorial Hall was officially opened by Sir Francis Newdegate. From 1929, movies were shown in the Memorial Hall with the projector room located above the main entrance and accessed by climbing a wooden staircase outside the hall. A Repertory group was formed in 1930 and used the hall as their base. Prior to 1942, the Gnowangerup Roads Board office was a room off the main entrance to the hall.

ANZAC services were also held in the hall before a dedicated War Memorial was built.

Over the years the Hall has been used extensively for movies, dances, cabarets, live performances, exhibitions, and weddings.

Today, the town hall is used for end of year school concerts, staff functions, conferences, and long table events.

Shire President's Message

It is hard to believe that another year has flown by, and we are again heading into harvest with reasonable rains and another good season in our sights.

An indication of those rains is the number of times that our roads have been closed to preserve their integrity, with such a large road network staff are working hard to maintain this structure with construction and repairs that meet 21st century expectations and operations.

As is the practice we have another long list of roads and town streets identified for works in the current budget.

In October 2022, the council farewelled our Chief Executive Officer of 3 years, Mr Bob Jarvis. During his tenure at the Shire of Gnowangerup, Bob managed to keep the wheels rolling through a litany of events, drought, flood, fire and pandemic.

As a whole council we really enjoyed working with Bob, we appreciated his experience and wisdom, and we fondly wished him a happy retirement. In November 2022, we welcomed Mr David Nicholson into the CEO position and subsequently Ms Chiara Galbraith as our Deputy CEO a few months later. Both David and Chiara have taken a community first approach to their work and have keenly spent time in Borden, Gnowangerup and Ongerup to meet community members and get first- hand knowledge of community strengths and opportunities.

The shire continued to work through the Local Roads Community Infrastructure projects (LRCIP3) funding of \$859, 416.00 endeavoring to complete the replacement of the Gnowangerup Hall ceiling and disabled access, construct a disabled toilet at the Ongerup sporting complex, caravan park chalets in Gnowangerup and a footbridge to the mineral springs.

At the completion of these projects the shire will be working through the next round of projects for LRCIP4. Each year Council takes the opportunity to support community groups and events through the Shire community grant program initiative. In the 2022/2023 year, around \$123,000 was allocated to sporting groups, community organisations and events in our shire.

As with most years we farewell and welcome a number of our staff, best wishes from the Shire of Gnowangerup to Cherie Delmage and Geoff Carberry in their new adventures, Damon Lukin in his new position at the Shire of Nannup and Anita Finn in some well-deserved time with family.

We welcomed Barry Gibbs as our Asset and Waste Management Coordinator and Bobbie Van Rensburg as the Executive Assistant to the CEO.

Finally, thank you to the Shire of Gnowangerup Council and staff, a special mention to Deputy President Mr Greg Stewart who has been a dedicated and valuable support to me over the past term and to our CEO Mr David Nicholson who has made a huge impact on the shire organisation thus far and continued to make progress with a number of long term projects as well as providing support and engagement with our communities. Thank you to Counsellors Kate O'Keeffe, Peter Callaghan, Rebecca O'Meehan, Shelley Hmeljak, Mick Creigh, Rebecca Kiddle and Lex Martin without your support and hard work we could not hope to achieve all that we do. It is always refreshing to be part of a community that has a solid backbone and a committed number of residents that have the best interests of all in their view.

Congratulations to our new Counsellors successful in the October elections and welcome to the Shire of Gnowangerup council.

Thank you to the community for being the heart and soul of all that it means to be part of the Gnowangerup Shire and a fond farewell from me.

Fiona Gaze

Shire president

"Thank you to the community for being the heart and soul of all that it means to be part of the Gnowangerup Shire and a fond farewell from me."

Fiona Gaze Shire president

Chief Executive Officer's Message

Upon commencing as CEO in November last year I was clear in my mind as to the approach I would take.

The role of a local government CEO is straight forward – meet the community's needs, support the Shire's staff whose job is to meet the community's needs, and make sure the Shire is compliant with relevant legislation.

While this all sounds simple enough in reality it can be challenging, especially when you add financial constraints into the mix.

To this end, I have spent considerable time simply being present for the community, making myself available to meet with community members and trying to solve community problems.

Developed in 2021, the Shire has a Community Strategic Plan which lists out community priorities.

This is an important document that was developed after extensive community consultation. How we're tracking against this plan is discussed in detail later in this report.

A concern for many community members is the condition of the roads. The Shire has over 1,000kms of roads with the vast majority being unsealed. Maintaining this network can be challenging, especially after heavy downpours and storm events. Consequently, a big focus of the construction crew are the roads and during the year a major upgrade of Kwobrup Road was undertaken. This was in addition to work on Gnowellen, North Stirling, Salt River, O'Meehans, Borden-Bremer Bay, and Tieline Roads.

I would like to thank the works crew for their dedication to helping the community and especially the Shire's Works Manager.

Ensuring our sporting facilities, ovals, and streetscapes are attractive and appealing is also a community priority. Council continues to support the Gnowangerup, Borden and Ongerup sporting complexes which this year included the sealing of the carpark at Ongerup.

Work was also undertaken at the Gnowangerup aerodrome. This included repairs, ongoing maintenance, line marking and apron modifications. The aerodrome is a first-class facility allowing easy access for the Royal Flying Doctor service and visitors to the Shire.

Recognising the importance of our natural environment, Council continues to provide financial support to the Yongergnow Eco Tourism Centre and North Stirlings Pallinup Natural Resources.

While it's no consolation that it's a global problem, the housing shortage is increasingly becoming an impediment to growth in the Shire.

"To this end, I have spent considerable time simply being present for the community, making myself available to meet with community members and trying to solve community problems."

David Nicholson Chief Executive Officer

Several industry leading businesses have based themselves in the Shire and their ability to expand and grow is being negatively affected by this housing shortage.

In this respect the Shire's Councillors had the foresight to buy land in Quinn Street to build a complex of houses and to install two chalets in the Gnowangerup caravan park.

Built offsite, the chalets are being installed early in the new financial year to provide short term accommodation for travellers, tourists and contractors.

The housing development in Quinn Street is a much larger project. Initial concept drawings are for a development comprising several houses as well as units to provide long-term accommodation for staff at the hospital, police station, school and Shire office.

The Quinn Street site will be expanded over time with DevelopmentWA recently advising of their intention to release several adjoining blocks in Corbett Street.

Growth in the Shire has also required expansion of light industrial areas. Work is underway with the Department of Planning, Lands and Heritage to release additional industrial land in Ongerup, and with DevelopmentWA in the development of industrial land in Gnowangerup as part of the Cuneo Close subdivision.

A focus since my arrival has been on developing organisational culture through transparency, clarity of expectations and regular and open communication. Promoting the Shire's values, mission and vision has also been an important part of this process. The Shire has a clear mission and vison which are supported by a set of values. It is planned to refresh and simplify these statements, which may result in reconsideration of organisational values.

Page 18

Reflecting prudent financial management the Shire finished the year in line with budget, albeit this presents as being materially favourable. This was due to the advance payment of the 2023/24 Financial Assistance Grants of \$1.9m from the Commonwealth Government and revaluation of non-current assets.

Excluding this advance payment, revenue was slightly down on budget though this was more than offset by reduced expenditure particularly in the areas of employee costs, and materials and contracts.

The full set of financials and auditors report is included in this annual report.

I would like to thank the community for making me feel welcome and being so accommodating. I would also like to thank the Shire Councillors and in particular the Shire President Councillor Fiona Gaze. Councillors fulfill an important role in the community, providing governance oversight to the Shire's operations as well as being the voice of the community.

I would also especially like to thank the staff of the Shire and in particular the Deputy CEO. I'm grateful for their commitment to their roles and to the community and for their shared passion of making the Shire not just a good place to work, but a great place to work.

Community Development

Events

Bike Safety Check– Youth Fest '22

The Shire of Gnowangerup partnered with Roadwise, Gnowangerup Police, Department of Communities, and Act Belong Commit for Youth Fest 2022 celebrations and held a Bike Safety Check at Gnowangerup Community Park.

Vivienne from Roadwise and Sergeant Tom spoke to the community about bike and road safety. A helmet and hi-vis vest were donated by Roadwise as prizes for participants and everyone who attended received a free Act Belong Commit giftbag.

Australians all let us rejoice For we are one and free, We've golden soil and wealth for toil, Our home is girt by sea: Our land abounds in nature's gifts Of beauty rich and rare, In history's page let every stage Advance Australia Fair, In joyful strains then let us sing Advance Australia Fair! Beneath our radiant Southern Cross, We'll toil with hearts and hands. To make this Commonwealth of ours Renowned of all the lands. For those who've come across the sea We've boundless plains to share, With courage let us all combine

Australia Day Celebrations 2023

This year's Australia Day celebrations took place at the Gnowangerup Sporting Complex. The Gnowangerup Police and Shire President assisted local community members to raise the flags and entertainment was provided by Adrian and Heidi. It was a great day for all and approximately 100 people attended.

Citizen of the Year Awards

Each year at our Australia Day breakfast, we announce the winners of the Australian Citizen of the Year awards.

This year's winners of the Australian Citizen of the Year Awards were:

Citizen of the Year - Kingsley Vaux

Was nominated/recognised for his work within his community, especially for his work with North Stirling Pallinup Resources (NSPNR). Kingsley has dedicated over 39 years as a volunteer on the

NSPNR committee. He was also instrumental in starting the first Land Conservation District Committee in the area and obtained funding for Landcare activities in our district. His efforts within the organisation, on his farm and in the community, involve promoting and practising Landcare and sustainable agriculture.

Kingsley has also contributed many volunteer hours supporting the Yongergnow Malleefowl Centre and general conservation of the Malleefowl - a megapode native in the area, and the totem of the Goreng Noongar people. Kingsley was also awarded life membership (2022) to NSPNR for 39 years of volunteer services and membership of NSPNR (previously LCDC).

0000

Unconfirmed Minutes

Active Citizenship, Group or Event -Gnowangerup Containers for Change -Edith Robertson

Edith has been instrumental in working with the Gnowangerup Heritage Group to get the Gnowangerup Containers for Change up and running in Gnowangerup. Edith runs the Containers for Change every weekend and undertakes a 120km round trip each week to the nearest bank.

Ediths efforts in getting Containers for Change operating in Gnowangerup positively impacts the environment by reducing the number of containers that go to landfill. The Heritage Group also benefits by receiving the funds from Containers for Change that are invested in projects for the benefit of the community and tourism.

NAIDOC Week

NAIDOC celebrations began 4th July 2023 in front of the shire office. Robbie Miniter OAM opened the flag raising ceremony and spoke on behalf of the Noongar Elders and Goreng people. Robbie then played the didgeridoo as Melita Hayward, Sharon Miniter, Donna Rodney, Chiara Galbraith and Sarah Henning raised the Aboriginal flag. The Shire offered tea and coffee after the ceremony.

Later that day, the Community Resource Centre hosted a native plants information session and morning tea, where the public where able to view native plants and read about their tradition use in food or medicine. Melita spoke about the plants and unveiled a sign that will be mounted near the NAIDOC tractor where the native plants were planted.

On behalf of the Shire and Community Resource Centre we would like to thank Robbie, Aboriginal Elders and all who came along to participate.

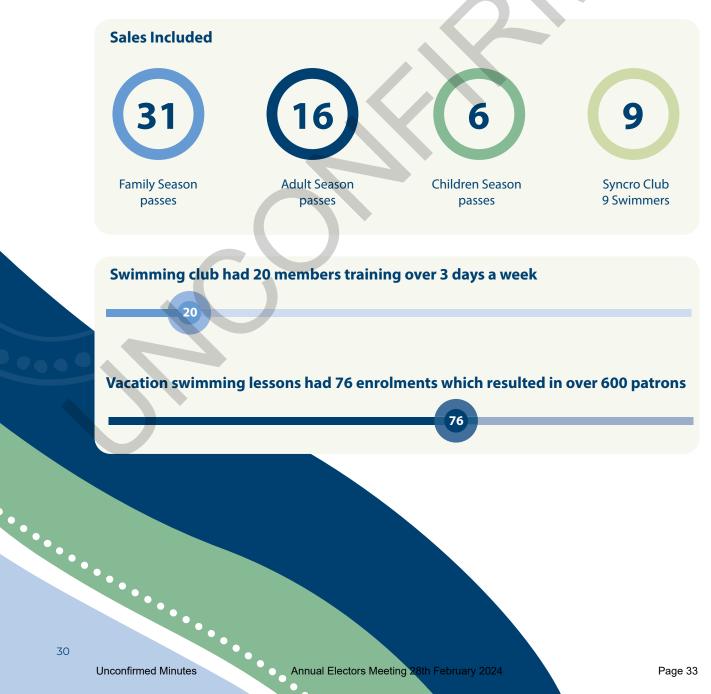

Facilities

Gnowangerup Community Swimming Pool

The Gnowangerup community swimming pool opened on the 31 October 2022 to officially kick off the 2022-23 season. Wasting no time, the synchro club started training on opening day and the swimming club in the days that followed. The season kept up the fast pace into December with 4 Christmas and end of year parties as well as the usual events and activities.

The season ended on a cold and rainy day on 1st April 2023. This did not deter some patrons who braved the weather to enjoy a sausage sizzle.

Here is a brief overview of the 2022-2023 Gnowangerup **Community Swimming Pool season:**

Page 34

Community Financial Assistance

Each financial year, the Shire provides financial assistance to various community groups. This is offered through a Community Financial Assistance Grants (CFA grants) program and operational assistance to the Gnowangerup and Ongerup sporting complexes as well as the Borden pavillion. Applications for CFA grants are open to all not-for-profit organisations and grants range from \$500 to \$20,000.

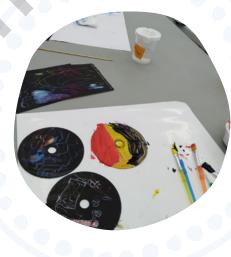

Applications for CFA grants are open to all not-for-profit organisations and grants range from \$500 to \$20,000

Gnowangerup Library

Gnowangerup library has 281 active members that enjoyed our services during 2022-2023. The most popular book was 'Die Trying', by Lee Child and the most popular collection was adult fiction followed by junior kindy.

In September 2022 the library hosted its annual Childrens Book Council of Australia book week author talk. Cristy Burne, aka the "STEAM Queen", explained how she harnesses her passion for science and technology through storytelling. Cristy performed some fun experiments and encouraged the kids to write their own story based on a strange scientific fact.

'Upcycle craft' was the theme for Youth Fest 2022 at the library. Colourful designs were created using old library DVD's by painting the reflective side then scraping them.

The Toy Library has been reinvigorated with a new committee in 2023. The Toy Library is a not-for-profit, community run organisation that provides access to a collection of toys located in the Gnowangerup Library for an annual fee. There have been many new toys added along with an increase in memberships.

To capture the attention of older children the Gnowangerup Library focused on engaging high school aged patrons this year, which historically is our lowest demographic user group.

We organised a visit for students in years 7-10 to talk about our amazing resources and this resulted in 8 new library members. In May the library facilitated a book club for older readers for the Children's Book Council of Australia Shadow Judging Program for older readers. We provided copies of the reading list and on occasion, a quite space for readers to discuss their thoughts on the books they had read.

Changes to our Inter-Library Loans presented challenges in the latter half of the year. The State Library of Western Australia (SLWA) implemented new restrictions in June for loaning of stock between libraries. These new changes aim to reduce shipping costs and environmental impacts. The new preferred method if the library does not have a book is to source through an eResource loan.

With these changes in mind, we have been encouraging our patrons to engage with eResource platforms. Year on year we continue to see an increase in the use of eResources with COVID-19 being a catalyst, and now consideration of the environmental and economic impacts. We are adapting to the trends and endeavour to make progress wherever possible. If one of our eResource platforms does not have the requested item in stock, we have many other options to obtain the requested item. Please speak to our friendly staff for assistance.

Ongerup Library

Ongerup Library is opened Tuesday to Saturday 9am to 4pm, the same business hours of the Yongergnow Centre.

In July 2022 the children's area in the library was increased to create a small safe play area.

During the year Ongerup Library, on behalf of the Shire of Gnowangerup, was successful in obtaining a \$5,000 Technology and Digital Inclusion Grant. Two tablets and 2 iPads were purchased for the Ongerup and Gnowangerup branches and have provided our patrons the opportunity to access online public libraries, which has been an invaluable resource for our community.

Asset and Infrastructure Services

Infrastructure and Capital Works

The 2022-2023 capital works program included a mixture of full reconstruction, reseal and gravel re-sheeting across numerous roads within the Shire. All scheduled works were completed except for Gnowangerup – Tambellup Reseal. This project has been deferred until the 2024-2025 program.

Summary of Works Completed

Reseal Program

As part of the asset renewal program the Shire resealed 3 roads during 2022-2023 to protect the integrity of the sealed roads. Funding for this program was provided by the Commonwealth and State as well as the Shire. The life expectancy of a bitumen sealed road, with maintenance sealing every 7 – 10 years, is around 30 years. Sealed roads then require reconstructing, although this can vary depending on the volume of heavy traffic and weather conditions.

Shoulder sealing

A major cause of road accidents in rural areas is edge breaks along unsealed shoulders and therefore widening shoulders by sealing gravel with bitumen increases road safety. It also protects sealed roads and Tie Line Road is one example where the Shire increased the seal from 6 metre to 7 metres.

General Maintenance

In the 2022-2023 financial year the Shire spent over \$1.5 million on general road maintenance. This included maintenance grading, gravel and pothole patching, road verge spraying and clearing drains and offshoots.

Asset and Waste Management

Plant

The Shires plant renewal and upgrade program was hampered by delivery delays into Australia during 2022-2023. This meant that 2 replacement tip trucks will now be delivered in the 2023-2024 financial year.

Waste Management

The Shires 3 landfill sites have been operating for several years and in 2022-2023 a few issues were identified that will be addressed in 2023-2024 including:

- review opening hours
- waste cell and litter control management
- clear signage/directions for placement of rubbish
- increase recycling to increase the tip life by reducing rubbish going to landfill.

Local Roads and Community Infrastructure Program (LCRIP)

The Shire of Gnowangerup has been busy completing LRCIP round 3 projects funded by the Federal Government stimulus program. Some of these projects included undertaking works at the Gnowangerup aerodrome to reseal the runway, taxiway, and apron area. This work will protect the surface for aeroplanes using the landing space. The Borden netball court resurfacing was another project completed. The multicourt surface was renewed, and lines remarked. This will extend the life of the playing surface by 10 – 15 years.

Our Strategic Focus

Integrated Strategic Plan – Introduction

The Shire's Integrated Strategic Plan was adopted by Council in July 2021.

It incorporates the Shire's Strategic Community Plan (SCP) which is a ten-year plan and is refreshed every four years.

The Corporate Business Plan (CBP) is a plan of action which represents the communities' priorities and aspirations from the SCP. The Shire reports progress against this plan on a quarterly basis which is published on the Shire's website.

The SCP was developed following community consultation which resulted in five keys themes. These themes comprise:

What delivering against Our Community theme looks like:

Actions

- Identify and deliver opportunities for the Shires youth
- Facilitate and advocate for health services, facilities and programs
- Strengthen sense of place, culture and belonging
- Support volunteer programs
- Support emergency services planning, risk mitigation and response and recovery programs

What we did and plan to do

The Shire has partnered with the Youth Affairs Council of Western Australia (YACWA) to promote their initiatives.

To ensure the community has good access to healthcare the Shire financially supports a General Practitioner and is a member of the WA Country Health Service Great Southern Local Advisory Committee. The Shire has also designed this year's annual report to increase readability for community members that are visually impaired.

Recognising the invaluable services our community volunteers provide, a grant program and financial assistance to community committees is provided.

The Shire plans to develop a Reconciliation Action Plan, establish a Youth Council, and facilitate the preservation of Salt River Hall during the next financial year.

What delivering against Our Economy theme looks like:

Actions

- Support Shire businesses and their growth
- Promote the Shire to visitors and tourists
- Ensure the Shire has access to diverse skills and services

What we did and plan to do

The availability of land impedes growth and the Shire has been working with DevelopmentWA to release land in the Cuneo Close light industrial area. This means land will become available to businesses soon.

Similar discussions have occurred with the Department of Planning, Lands and Heritage about industrial land in Ongerup.

The Shire is also in the planning stages of building several homes in Quinn Street, Gnowangerup.

Councils' initiative to build two chalets in the Gnowangerup caravan park are due to be completed in the latter part of 2023. The chalets will provide short term accommodation for tourists as well as contractors.

The Shire actively participates in Great Southern Treasures (GST) and Great Southern Outdoors. GST's hallmark event is the annual Bloom Festival which is designed to showcase participating Shires. In 2022 GST initiatives attracted over 200,000 tourists to the region.

In 2023-2024 the inaugural annual Business Leaders Forum is planned. This will bring together a range of business leaders to network and hear from regional decision makers including government, local successful and growing businesses, and the not-for-profit sector.

What delivering against Our Infrastructure theme looks like:

Actions

- Our parks, gardens, streetscapes and recreational areas are safe and encourage active and healthy lifestyles.
- The Shire's assets and infrastructure is well maintained

What we did and plan to do

The Shires maintains a proactive maintenance program for its gardens, streetscapes, and recreational areas. This resulted in Ongerup being nominated as a tidy town in 2023.

Planned activities include a refresh of street signage in Gnowangerup in 2023-2024, Borden in 2024-2025 and Ongerup in 2025-2026.

What delivering against Our Infrastructure theme looks like:

Actions

- A high standard of environmental health and waste services.
- Conservation of the natural environment.

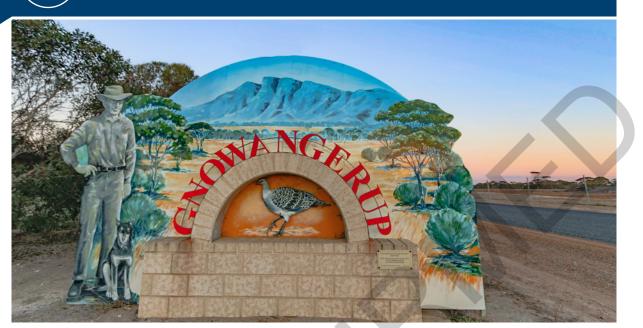

What we did and plan to do

The Shire provides a financial contribution to North Stirlings Pallinup Natural Resources and participates in the governance of this organisation. Planned activities include developing a business case for the installation of electric vehicle charging stations.

.....

.....

🛱) Our Organisation

What delivering against Our Organisation theme looks like:

Actions

.....

- Invest in the skills and capabilities of the Shires staff and leaders.
- Shire communication is consistent, engaging and inclusive.
- Planning to implement plans and strategic priorities.

What we did and plan to do

The Shire recommenced a monthly community newsletter. The newsletter keeps the community informed about Shire initiatives and projects.

Shire policies were reviewed to ensure they remain contemporary and relevant and will aid in operational efficiency and improved governance.

It is a statutory requirement that local laws are reviewed every eight years with the following local laws due for review in 2023-2024:

- Local Government Property Local Law 2016
- Dogs Local Law 2016
- Health Local Law 2016
- Animals, Environment and Nuisance Local Law 2016

The Shire's Strategic Community Plan will also be reviewed in line with the 4 yearly review cycle.

Statutory Reports

Recordkeeping plan

The Shire is committed to keeping records in accordance with the State Records Act 2000 and the Records Management Standard AS ISO 15489 through corporate systems and management/disposal processes. The Act requires all local government authorities to develop and maintain a recordkeeping plan (RKP). This plan must be endorsed by the State Records Commission and reviewed at least every five years. The Shires 2019 RKP will be reviewed during 2023-2024.

Freedom of information

.....

The Freedom of Information Act 1992 allows the public the right to apply for access to information held by the Shire. The act requires the review and adoption of a Freedom of Information (FOI) statement, a copy of which is available on the Shire's website. During 2022-2023, no applications were received under the FOI Act.

A copy of the current statement is available on our website www.gnowangerup.wa.gov.au

Competitive Neutrality

Competitive neutrality principles apply to any significant business activities conducted by, or under the control of, a local government that generate an income of \$200,000 or more in a financial year.

In the 2022-2023 financial year the Shire did not undertake any business activities that met this threshold.

Register of Complaints

Minor breaches of the rules of conduct or a local law of the Shire by a Council member must be recorded in a register noting the outcome of the investigation of the complaint and the action subsequently taken. No complaints regarding such breaches were received by the Shire's Complaints Officer during 2022-2023

National Competition Policy

The Competition Principles Agreement (CPA) is a contractual agreement between Federal Government and all State and Territory Governments which aims to ensure that all public enterprises operate in a transparent manner in the best interests of the public. Under the CPA, public enterprises are required to review their operations to ensure they have no competitive advantage or disadvantage because of their public status.

Public Interest Disclosures

The Public Interest Disclosures Act 2013 aims to ensure openness and accountability in government. Disclosures are treated in confidence and persons making a disclosure are protected from detrimental action. The Shire of Gnowangerup had no public interest disclosures during the year-ended 30th June 2023

Local Laws

Council has the following local laws:

- Activities in Thoroughfares and Public Places and Trading Local Law
- Standing Orders Local Law
- Bush Fire Brigades Local Law
- Animals, Environment and Nuisance Local Law
- Dogs Local Law
- Health Local Law
- Local Government Property Local Law

All local laws have been reviewed for NCP compliance and all amendments to existing, and future local laws are monitored to ensure no anti-competitive practices. The following Local Laws are currently being reviewed in accordance with the Local Government Act 1995 Local Government Property Local Law 2016, Dog Local Law 2016, Health Local Law and Animals 2016 and Environment and Nuisance Local Law 2016.

Disability Access and Inclusion Plan (DAIP)

Outcome 1: People with disability have the same opportunities as other people to access the services of, and any events organised by, a public authority. All Community members are invited to attend events, most of our Shire buildings have wheelchair access.

Outcome 2: People with disability have the same opportunities as other people to access the buildings and other facilities of a public authority. An Audit on footpaths will be completed by November 2023. Footpath repairs will then commence in Gnowangerup progressing on to Ongerup and Borden.

Outcome 3: People with disability receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it. We continue to work on our website to ensure it is accessible to the whole community. We also ensure that where possible all our documents are included on there. Our notice board is easily accessible. The 2022/23 annual report has been written to comply with the principles of Plain English.

Outcome 4: People with disability receive the same level and quality of service from the staff of a public authority as other people receive from the staff of that public authority. We have a Customer Service Charter and a Code of Conduct. Customer service training to commence in the new year for all staff members.

Outcome 5: People with disability have the same opportunities as other people to make complaints to a public authority. Our Shire continues to ensure all people have the same opportunity to make complaints. We accept written and verbal complaints through the Administration office, either over the phone, in person, mailed or via our website.

Outcome 6: People with disability have the same opportunities as other people to participate in any public consultation by a public authority. When holding community meetings for consultation, these are always held in a disabled friendly location.

Outcome 7: People with disability have the same opportunities as other people to obtain and maintain employment with a public authority. The Shire continues to ensure all employment advertisements and packages are available in a range of print and electronic formats.

for the year ended 30 June 2023

BASIS OF PREPARATION

The financial report of the Shire of Gnowangerup, which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the *Local Government* Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act* 1995 read with the *Local Government (Financial Management) Regulations* 1996 prescribe that the financial report be prepared in accordance with the *Local Government Act* 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of: • AASB 7 Financial Instruments Disclosures

- AASB 16 Leases paragraph 58
- AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 116 Property, Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
- AASB 1052 Disaggregated Disclosures paragraph 11
- AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- · estimated fair value of certain financial assets
- · impairment of financial assets

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-3 Amendments to Australian Accounting Standards -Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards -Classification of Liabilities as Current or Non-current – Deferral of Effective Date
- AASB 2021-7a Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections Incounted adjusted
- Editorial Corrections [general editorials] AASB 2022-3 Amendments to Australian Accounting Standards
- AASB 15

These amendments have no material impact on the current annual financial report

New accounting standards for application in future years

- The following new accounting standards will have application to local government in future years:
- AASB 2014-10 Amendments to Australian Accounting Standards
 Sale or Contribution of Assets between an Investor and its
 Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards -Classification of Liabilities as Current or Non-current
- AASB 2021-2 Amendments to Australian Accounting Standards -Disclosure of Accounting Policies or Definition of Accounting Estimates
- This standard will result in a terminology change for significant accounting policies
- AASB 2021-7c Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
 Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
 Non-current Liabilities with Covenants
- AASB 2022-7 Editorial Corrections to Australian Accounting
 Standards Educated Science of Science and Editorial Contents
- Standards and Repeal of Superseded and Redundant Standards • AASB 2022-10 Amendments to Australian Accounting Standards
- Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities The amendment may result in changes to the fair value of

non-financial assets. The impact is yet to be quantified. Except as described above these amendments are not expected to have any material impact on the financial report on initial application.

for the year ended 30 June 2023

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

| | Nature of goods and | When obligations | D (1) | Returns/Refunds/ | Timing of revenue |
|--|---|----------------------------------|---|------------------------------------|---|
| Revenue Category Rates - general rates | services General rates | typically satisfied Over time | Payment terms Payment dates adopted by Council during the year | Warranties None | recognition When rates notice is issued |
| Rates - Specified area rates | Rates charge for specific defined purpose | Over time | Payment dates adopted by Council during the year | Refund in event monies are unspent | When rates notice is issued |
| Grant contracts with customers | Community events, minor facilities, research, design, planning evaluation and services | Over time | Fixed terms transfer of funds based on agreed milestones and reporting | | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Grants, subsidies or contributions for the construction of non-financial assets | Construction or acquisition of recognisable non- financial assets to be controlled by the local government | Over time | Fixed terms transfer of funds based on agreed milestones and reporting | | Output method based on project milestones and/or completion date matched to performance obligations. |
| Fees and charges | Building, cemetery services, library fees, property hire, private works, planning, development, animal management services, having the same nature as a licence regardless of naming. | Single point in time | Full payment prior to issue | None | Output method based on provision of service or completion of works, or on payment and issue of the licence, registration or approval |
| Other revenue - Commissions | Commissions on licencing | Over time | Payment in full on sale | None | When assets are controlled |
| Other revenue - Reimbursements | Insurance claims and reimbursable expenses | Single point in time | Payment in arrears for claimable event | None | When claim is agreed or when reimbursement is agreed |

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2023

| | Contracts with | Capital | Statutory | | |

3. CASH AND CASH EQUIVALENTS

| . CASH AND CASH EQUIVALENTS | | 2023 | 2022 | _ | |
|--|----|-----------|-----------|---|--|
| | | \$ | \$ | | |
| Cash at bank and on hand | | 6,434,555 | 5,090,991 | | |
| Total cash and cash equivalents | | 6,434,555 | 5,090,991 | | |
| Held as | | | | | |
| - Unrestricted cash and cash equivalents | | 3,711,337 | 2,541,665 | | |
| - Restricted cash and cash equivalents | 17 | 2,723,218 | 2,549,326 | | |
| | | 6,434,555 | 5,090,991 | | |

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position

4. OTHER FINANCIAL ASSETS

(a) Current assets

Financial assets at amortised cost

Other financial assets at amortised cost Self supporting loans receivable

Held as - Unrestricted other financial assets at amortised cost

(b

| b) Non-current assets | | |
|---|---------|---------|
| Financial assets at amortised cost | 37,842 | 52,659 |
| Financial assets at fair value through profit or loss | 81,489 | 77,804 |
| | 119,331 | 130,463 |
| | | |
| Financial assets at amortised cost | | |
| Self supporting loans receivable | 37,842 | 52,659 |
| | 37,842 | 52,659 |
| | | |
| Financial assets at fair value through profit or loss | | |
| Units in Local Government House Trust - opening balance | 77,804 | 73,807 |
| Movement attributable to fair value increment | 3,685 | 3,997 |
| Units in Local Government House Trust - closing balance | 81,489 | 77,804 |

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 26(a) as self supporting loans. Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierachy (see Note 23 (i)) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The Shire has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income. equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

for the year ended 30 June 2023

5. TRADE AND OTHER RECEIVABLES

| 5. TRADE AND OTHER RECEIVABLES | Note | 2023 | 2022 | |
|--|------|----------|----------|--|
| | | \$ | \$ | |
| Current | | | | |
| Rates and statutory receivables | | 294,988 | 277,971 | |
| Trade receivables | | 131,220 | 74,268 | |
| Other receivables | | 1,220 | 0 | |
| GST receivable | | 105,735 | 0 | |
| Allowance for credit losses of rates and statutory receivables | | (28,557) | (23,137) | |
| | | 504,606 | 329,102 | |
| Non-current | | | | |
| Rates and statutory receivables | | 124,579 | 117,185 | |
| | | 124,579 | 117,185 | |
| | | | | |

In the 2022 Annual Financial Report the Trade and Other Receivables balance of \$1,171,638, reported under Note 5 has been adjusted to reflect the correct split of Trade & Other Receivables (\$329,102) and Contract Assets (\$842,581) - Refer Note 7.

SIGNIFICANT ACCOUNTING POLICIES

Rates and statutory receivables Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates

receivable after the end of the reporting period are

classified as non-current assets. Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

| Asset Class | Fair Value Hierarchy | Valuation Technique | Basis of Valuation | Date of Last Valuation | Inputs Used |
|-----------------------------|-------------------------|---|--------------------------------------|---------------------------|--|
| (i) Fair Value | | | | | |
| Land and buildings | | | | | |
| Land | 2 | Market approach using observable or estimated open market values of similar assets adjusted for condition and comparability at their highest and best use | Independent registered valuers | June 2021 | Price per hectare/market borrowing rate |
| Buildings - non-specialised | 2 | Market approach using observable or estimated open market values of similar assets adjusted for condition and comparability at their highest and best use | Independent registered valuer | June 2021 | Available market information and utilising both observable and unobservable inputs being construction costs based on recent contract prices, current condition, residual values and remaining useful life assessment |
| Buildings - specialised | 3 | Cost approach using current replacement cost | Independent registered valuer | June 2021 | Construction costs and current condition, residual values and remaining useful life assessment inputs |

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

| (ii) Cost Furniture and equipment | Cost approach | Cost | Purchase cost |

9. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

| Asset Class | Fair Value Hierarchy | Valuation Technique | Basis of Valuation | Date of Last Valuation | Inputs Used |
|------------------------------------|-------------------------|---|-----------------------------------|---------------------------|--|
| (i) Fair Value | | | | | |
| Infrastructure - roads | 3 | Cost approach using depreciated replacement cost | Independent valuation | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure footpaths | 3 | Cost approach using depreciated replacement cost | Independent valuation | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure drainage | 3 | Cost approach using depreciated replacement cost | Independent valuation | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure parks & ovals | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure other | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure airports | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure sewer | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |
| Other infrastructure solid waste | 3 | Cost approach using depreciated replacement cost | Independent registered valuers | June 2023 | Construction costs ; current condition, residual values and remaining useful life assessment (Level 3) inputs |

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

for the year ended 30 June 2023

not depreciated 50 years 20 years 50 years 2 to 100 years 10 to 50 years 13 to 100 years 25 to 80 years 15 to 25 years

for the year ended 30 June 2023

10. FIXED ASSETS (Continued)

SIGNIFICANT ACCOUNTING POLICIES Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value (as indicated), less any accumulated depreciation and impairment losses.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost, the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5).* These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair They are subject to subsequent revaluation at the next revaluation date consistent with *Financial Management Regulation 17A(4)*.

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with *Financial Management Regulation 17A(2)* which requires land, buildings infrastructure, investment properties and vested improvements to be shown at fair value.

Revaluation (continued)

For property, plant and equipment and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss. Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within depreciation in the Statement of Comprehensive Income and in Note 10(a).

Impairment

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

| b) Lease Liabilities | | | |

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

SIGNIFICANT ACCOUNTING POLICIES Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 26(b).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

for the year ended 30 June 2023

12. TRADE AND OTHER PAYABLES

Current

Sundry creditors Prepaid rates Accrued payroll liabilities ATO liabilities Bonds and deposits held Accrued interest on loans Accrued expenses

SIGNIFICANT ACCOUNTING POLICIES Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related profit or loss.

| |

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually amounts of trade and other payables are occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

for the year ended 30 June 2023

13. OTHER LIABILITIES

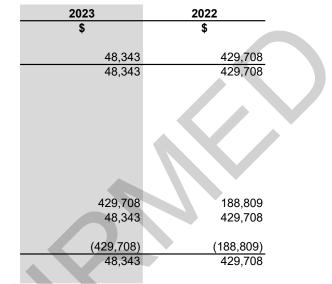

Current

Capital grant/contributions liabilities

The Shire expects to satisfy the performance obligations, from contracts with customers unsatisfied at the end of the reporting period, within the next 12 months.

Reconciliation of changes in capital grant/contribution

liabilities Opening balance Additions Revenue from capital grant/contributions held as a liability at the start of the period

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

SIGNIFICANT ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

for the year ended 30 June 2023

14. BORROWINGS

| | | | 2023 | | | 2022 | | |
|--------------------------|-------|---------|-------------|---------|---------|-------------|---------|--|
| | Note | Current | Non-current | Total | Current | Non-current | Total | |
| Secured | | \$ | \$ | \$ | \$ | \$ | \$ | |
| Debentures | | 95,949 | 423,639 | 519,588 | 105,243 | 3 519,588 | 624,831 | |
| Total secured borrowings | 26(a) | 95,949 | 423,639 | 519,588 | 105,243 | 3 519,588 | 624,831 | |

Secured liabilities and assets pledged as security

Debentures are secured by a floating charge over the assets of the Shire of Gnowangerup.

The Shire of Gnowangerup has complied with the financial covenants of its borrowing facilities during the 2023 and 2022 years.

SIGNIFICANT ACCOUNTING POLICIES Borrowing costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierachy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 26(a).

for the year ended 30 June 2023

15. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

| Current provisions |
|-----------------------------|
| Employee benefit provisions |
| Annual & sick leave |
| Long service leave |

Total current employee related provisions

Non-current provisions Employee benefit provisions Long service leave

Total non-current employee related provisions

Total employee related provisions

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

SIGNIFICANT ACCOUNTING POLICIES Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

23,765

23,765

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

19. CONTINGENT LIABILITIES

The Shire of Gnowangerup has identified the following sites, in relation to land owned, vested or leased, that is known to be, or suspected of being contaminated.

Lot 193 on DP 224130 - 16 Corbett St Gnowangerup - Possibly contaminated, investigation required Lot 9319 on DP 92335, Reserve 22741 - Airport Road, Pallinup - Possibly contaminated, investigation required Lot 500 on DP77797, Reserve 23659 - Moir Highway, Ongerup - Possibly contaminated, investigation required Lot 5631 on DP 144307, Reserve 22219 - Chesterpass Road, Borden - Possibly contaminated, investigation required

Lot 403 no DP 186033, Reserve 38764 - 71 Cecil Street, Gnowangerup - Possibly contaminated, investigation required

Under the *Contaminated Sites Act 2003*, the Shire of Gnowangerup is required to report known and suspected contaminated sites to the Department of Water and Environmental Protection (DWER). In Accordance with the Act, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values. Where sites are classified as "contaminated - remediation required" or "possibly contaminated - investigation required", the Shire of Gnowangerup may have a liability in respect of investigation or remediation expenses.

The Shire has identified 6 sites as possibly contaminated. Until the Shire conducts investigations to determine the presence and scope of the contamination, assess the risk, and agree with DWER on the need and criteria for remediation, the Shire is unable to estimate the potential costs and timing of outflows associated with remediation of these sites.

20. CAPITAL COMMITMENTS

| | 2023 | 2022 |
|--------------------------------|---------|---------|
| | \$ | \$ |
| Contracted for: | | |
| - capital expenditure projects | 203,294 | 155,600 |

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Council member costs

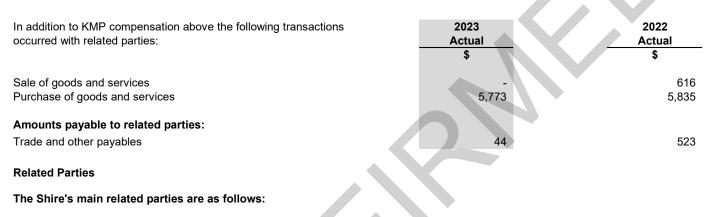

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

for the year ended 30 June 2023

21. RELATED PARTY TRANSACTIONS

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 21(a) and 21(b)

for the year ended 30 June 2023

22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire did not have any events occurring after the reporting date that have a significant effect on the financial statements.

for the year ended 30 June 2023

23. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

| Name of reserve account | Purpose of the reserve account |
|-------------------------|--------------------------------|
| | |

| | Restricted by council | |
|-----|-----------------------|---|
| (a) | Leave reserve | to be used to fund annual and long service leave requirements. |
| (b) | Plant & equipment | to be used for the purchase of major plant. |
| (c) | Ongerup effluent | to be used for the maintenance of the Ongerup Effluent System. |
| (d) | Area Promotion | to be used for the promotion of the Gnowangerup Shire. |
| (e) | Swimming Pool | to be used to assist with upgrade of the Gnowangerup Swimming Pool. |
| (f) | Land Development | to be used to fund the purchase or development of land and buildings and building renewal. |
| (g) | Computer Replacement | to be used to fund the maintenance and replacement of the administration computer system. |
| (h) | Waste Disposal | to be used to fund waste disposal in the Shire, including rehabilitation, transfer stations and post closure of sites. |
| (i) | Future Funds | to be used for contributions towards major externally grant funded projects and programs within the Shire of Gnowangerup. |
| (i) | Liquid Waste Facility | to be used to fund the maintenance, renewal and upgrade of the liquid waste facility. |
| (k) | COVID-19 | to be used to fund any project, programme or activity of any kind which contributes to the recovery of the Shire of Gnowangerup from the COVID-19 pandemic. |
| (1) | Aerodrome | to be used to fund the construction of new assets and the upgrade, renewal and replacement of existing assets located at the Gnowangerup airport. |
| (m |) Disaster Recovery | to be used to fund expenses related to the recovery from a natural disaster. |

Independent Auditor's Report

Auditor General

INDEPENDENT AUDITOR'S REPORT 2023 Shire of Gnowangerup

To the Council of the Shire of Gnowangerup

Opinion

I have audited the financial report of the Shire of Gnowangerup (Shire) which comprises:

- the Statement of Financial Position as at 30 June 2023, and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Statement of Financial Activity for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2023 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2023, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or my knowledge obtained in the audit or otherwise appears to be materially misstated.

Independent Auditor's Report

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at <u>https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.</u>

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the Auditor General Act 2006 and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Independent Auditor's Report

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Gnowangerup for the year ended 30 June 2023 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

6. QUESTIONS TAKEN ON NOTICE

6.1 Jan Slee asked about the purchase of the old Community Centre **AWMC:** Will arrange a community meeting to discuss in March.

6.2 Sandy Vaux asked about the Commercial Blocks in Gnowangerup if there is enough power to service the blocks

CEO: responded the power at these blocks is sufficient

6.3 Jan Slee asked about the plan for the Ongerup Tip and the wind was blowing the waste into their paddockAWMC: Excavation at the site occurring soon and waste will be capped

6.4 Overfull recycling bins **AWMC:** The Shire will be reviewing the recycling bin system over the next 6 months to improve the process

6.5 Terry Gee asked about the roads in the Eastern part of the Shire as they have not been tended to

EMIA: The Shire is aware that some roads are not up to their usual standard and this is due to a shortage of staff numbers. At the present time the school bus routes are the main priority with high volume roads being the next focus.

6.6 Roz Thompson asked what the Shire fire management plan is for Ongerup. **Cr Michael Creagh:**

The Fire mitigation plan stopped due to weather BRMC started on Monday and will work with the shire to plan a program

6.7 Terry Gee and Roz asked about the Windfarms **CEO Advised:** Surrounding Shires are working together on this issue

NIL

8. CLOSURE

Shire President Cr Kate O'Keeffe, thanked Councillors, staff and community members and closed the meeting at 6.49pm.

FOOTNOTES

Voting:

- Each elector present at the meeting is entitled to one vote on each matter to be decided, but does not have to vote.
- All decisions are to be made by a simple majority vote.
- Voting is to be conducted so that no voter's vote is secret.

Definition of the Elector

An elector is defined in the Local Government Act 1995. An elector is a person who is eligible to vote in an election of the Shire of Gnowangerup. For the purpose of meeting of electors, the definition of an elector is to include ratepayers.

Procedures at Electors Meetings

The procedure to be followed at a general or special meeting of electors is to be determined by the person presiding at the meeting.
